Education

Indian Institute of Information Technology Ranchi

Bachelor of Technology in computer science and engineering, Grade: 8.24

2023 – 2027

Ranchi, Jharkhand

Technical Skills

Languages: Core Java, Adv java, python, C/c++, JavaScript, SQL

Backend development: spring, spring boot, spring mvc, spring security, spring Aop, spring AI, hibernate, Microservices, Distributed Systems, Rest API, Jwt Authentication, Git, Github, problem solving, System design, swagger API

Cloud and database: Mysql, Postgresql, MongoDB, Nosql, Redis, Aws, Docker, CI/CD pipelines

Coursework: Object-Oriented Programming (OOP), Operating Systems, Database Management Systems(DBMS), Data Structures and Algorithms, computer Network, software development, Professional Communication

Agentic AI: Langchain, LangGraph, CrewAI, OpenAISDK, MCP, RAG, multi-agent architectures

Experience

Infosys Springboard

Nov 2025 – Jan 2026

Java Developer Intern

Remote [\[Certificate\]](#)

- Architected ResolveIt smart grievances and feedback management project where I got hands on experience in java, spring, spring boot, spring security, Sql, Mysql, Swagger API, Docker, Aws, high level design
- Contributed across two repositories and successfully merged 20+ pull requests.
- Designed and optimized 25+ Restful APIs, improving response time by 30% through efficient database queries.
- Integrated Java Mail Sender email notification service to automate status updates, reducing manual follow-ups by 60%.

Converteasily

May 2025 – Aug 2025

Java Developer Intern

Remote [\[Certificate\]](#)

- Developed clean, efficient, and scalable backend code used in production systems.
- Integrated new tools into the system, enhancing platform functionality and performance, increasing new users by 10%.
- Optimized backend logic and reduced file sizes by 30%, improving load speed and latency.
- Collaborated with the engineering team to refine system architecture and maintain code quality.

Projects

Campus AI | Java, Spring Boot, Spring Security, Spring AI, Microservices, PostgreSQL, JWT, Swagger [\[GitHub\]](#)

- Developed a placement assistance application that provides personalized learning roadmaps, DSA problem generation, quizzes, ATS-based resume analysis, and interview experience sharing.
- Implemented secure authentication and authorization using JWT and Spring Security to protect user data.
- Designed a microservices architecture with API Gateway and Eureka Service Discovery, improving scalability and enabling independent deployment of 6+ services.
- Integrated google gemini api key using spring AI to power automated DSA, quiz question generation, learning roadmaps, and ATS score, serving 300+ requests/day.
- Documented 20+ APIs using Swagger API, accelerating frontend integration and reducing integration bugs by 40%.

Connectify | Java, spring, Spring Boot, Spring Security, JWT, Hibernate, MySQL, WebSocket, Postman [\[GitHub\]](#)

- Built the backend for a social media platform supporting core features such as posts, likes, comments and notifications.
- Secured 30+ APIs with JWT-based authentication and Spring Security, implementing role-based access control and preventing unauthorized requests by 100%.
- Designed centralized exception handling and custom error responses, reducing API failures/debugging time by 40% and improving client-side reliability.
- Integrated WebSocket-based real-time chat enabling bi-directional messaging with less than 200ms latency and supporting 100+ simultaneous connections.
- Optimized data persistence using Hibernate ORM and complex JPQL queries, improving database performance by 30% and reducing query execution time.

Achievements & Certifications

- Achieved a global rank of 512 in LeetCode Weekly Contest 488, with a maximum rating of 1805 on LeetCode.
- Solved 650+ DSA questions on coding platforms like LeetCode, GeeksforGeeks, and Coding Ninjas.
- Served as Coordinator and Tech Lead of House of Geeks.
- Earned Infosys Springboard Certification in Programming in Java. [\[Certificate\]](#)
- Certified Postman API Fundamentals Expert. [\[Certificate\]](#)
- Earned Infosys Springboard Certification in Database Management Systems. [\[Certificate\]](#)
